APOLLO XI

First Man On The Moon

10th ANNIVERSARY

A DAMON COMPANY

FOLLOW THESE EASY STEPS:

1. Place the iron-on transfer face down on a T-shirt. Shirts with polyester or polyester blends work best.
2. Place a sheet of paper inside the shirt and another sheet of paper over the transfer.
3. Adjust the iron to the linen setting. Use dry iron.
4. Apply the hot iron over the entire transfer for 30 seconds. Keep the iron moving as you do this.
5. When you're through, peel up a corner of the transfer to check the color. If necessary, iron for a few more seconds. Let transfer cool before removal.
